Description

Being able to understand and use French is an important aspect of being a global citizen. By learning a second language, students can develop the necessary knowledge, skills and attitudes needed to communicate in a variety of real-life contexts.

The ability to understand, speak, read and write other languages allows students to communicate with many people around the world, to understand and appreciate the history and evolution of their cultures, to benefit from travel and to develop a competitive advantage in the work force.

The learning of French naturally implies the learning of culture and, therefore, allows students to recognize, understand and respect cultural diversity in our society and in others.

Expectations and Goals

Students will use the target language to understand and/or express a message effectively in various situations for a variety of purposes. They will use, prior knowledge of linguistic elements of the French language to fulfill their communicative intents, they will learn a variety of Francophone cultures, to be capable to interact appropriately within these cultures.

IMPORTANT INFORMATION

If we are using laptops during the class remember that they are there to facilitate your learning. Laptops are good tools to use in a second language classroom setting. Do not allow the laptop to become a distraction to your learning.

- Laptops are to be closed during discussions, or anytime your teacher needs your full attention.
- If you do not have your headphones you will need to keep the volume off.
- Do not try to be multitask – give your full attention to what is happening in the classroom, be present and in the moment.

STUDENT EXPECTATIONS

1. Students are expected to arrive to class on time. When the bell rings I will give a count of five and any student that arrives later than this time will be considered late.
2. Students are expected to hand in classwork, homework, projects and other related work on the specified due date.
3. Students are not allowed to eat during class time. If you are hungry, save your snack or lunch and you may eat it during break time.
4. Students may drink water or juice during class but must use a bottle able to re-close or a juice container.
5. Please do not use cell phones in the classroom. Leave these on silent in your backpack/laptop bag. If you are caught using a cell phone, it will be taken away for the day. Laptops, although allowed in class, are not to be used for online chatting, checking the media to communicate with friends or playing games during class time.
6. If a student needs to go to the bathroom, they must ask permission before leaving class. only one student is allowed at a time to leave the room. Please go to the bathroom between classes, as you may not be allowed to leave the room during class time.

7. VERY IMPORTANT: The Rule of the class is RESPECT!

8. Students should enter this classroom with an open mind, and a willingness to make mistakes and last, but not least, smile and enjoy the year!

Contrairement aux idées reçues, le français n'est pas une langue difficile. On peut très vite communiquer en français après quelques leçons. C'est une langue qui demande une certaine précision, mais sa richesse permet d'exprimer une multitude de nuances. Apprendre le français aide à apprendre
